

FMA-WASHING STREET

Product number **1002022030**

FMA-PESUKATU "washing street" is suitable for very high washing volumes. This is a reasonable option if the yearly washing volume exceeds 30 000 cars. Washtec "washing street" operates fully independently and safely offering an outstanding washing result and high usability level. As other concepts, the "washing street" can also be supplemented with many available high added value options that increase the average price of sold wash.

* Programs change according to the season.
