

FINNCOLD REFRIGERATION CABINET SF

Product number **1103000600**

Technical information

Size	2350 x 1650 x 3300 (loading height max. 2000 mm)
Capacity	1 trolley place, (about 600 kg) / process. +4 °C...-2 °C degrees; the surface temperature of the product in about 45 minutes
Weight	Total weight about 900 kg
Freezing	Ammonia solution -35 °C from client's solution line, cooling capacity 30 kW.
Air circulation	EC fans (2 pieces)
Intermediate level / air control	Fixed, integrated into the cabinet, made of stainless steel

Finncold - FINNCOLD REFRIGERATION CABINET SF

Control	KOMETOS PLC control, control panel integrated in the cabinet structure.
INTERFACE DATA	
Electrical connection	400 V, 160 A
Drain connection	Ø 48 mm
